CULTIVATION OF PLANTS AND FLOWERS.
LETTERS FROM CORRESPONDENTS.

Owing to the improper use so frequently made of correspondent's names (where the address is given in full), by venders of lottery tickets and other swindlers, we omit post office address, giving County and State only. Persons desiring any particular address to verify the authenticity of same, will be furnished with it on application.

FANNIN Co., Texas, Feb 24, 1880.

I wish to inform you that the plants were received. All decided that they are the finest, nicest and largest ever received from any house. All join with me in thanks for premiums, and say they will ever remember you when they want nice plants.

MRS. J. H. LYONS.

BOULDER Co., Colorado, March 25, 1880.

Received plants last evening, and am very much pleased with them. Thanks for the premium, which was nicest of all.

MRS. CARRIE C. JAMES.

The plants you last sent me came to hand just as fresh as if just taken from the ground. Please accept many thanks. I fully appreciate your kindness.

MRS. E. MOREHOUSE.

NEW HARMONY, Ind., Dec. 22, 1880.

The box of bulbs arrived safely and in good condition. I thank you for your generosity. I expected no premium on bulbs.

M. U.

SCIOTO Co., Ohio, Nov. 2, 1880.

The plants arrived promptly, in excellent condition. We are much pleased with them and the way in which they were packed.

MRS. J. W. RICHER.

PIKE Co., Ill., Nov. 2, 1880.

Send me a list of your deciduous trees. I have a thousand Chestnut trees, bought of you nine years ago, that are now bearing and doing finely.

'A. C. RUST.

FULTON Co., Ga., Nov. 1, 1880.

Vines, &c., received in good order, and give entire satisfaction. Should I need more in your line I shall be pleased to give you an order, feeling sure that it will be carefully and promptly filled.

M. L. GATES.

SUSSEX Co., Delaware, Nov. 1, 1880.

I am glad to inform you that I received my evergreens, also the bulbs. I am very much pleased with them.

MARY E. ELLINGSWORTH.

HANCOCK Co., Ill., Oct. 17, 1880.

The plants ordered from you arrived in splendid condition. Not one of them in the least wilted.

MRS. J. J. SMITH.

YOLO Co., Cal., Nov. 6, 1880.

The plants you sent arrived safely and in good condition, not one having wilted, all fresh and green. I find some plants not ordered. I suppose you sent them as a premium. Please accept thanks for your kindness.

EMMA C. ENGLEHART.

TANGIPAHOA Parish, La., Nov. 14, 1880.

The box of Roses came safely three days after they were mailed. They were not at all wilted. They are now in the ground, and look as if they had been growing there for months.

NOTICE.

SAFE ARRIVAL OF PLANTS GUARANTEED.

REMITTANCE MUST ACCOMPANY ORDER.

SEND P. O. ORDER, OR DRAFT ON NEW YORK.

DO NOT SEND INDIVIDUAL CHECKS.

It is not safe to send Currency in common letters unless registered.

If you remit by Post Office Order, Draft on New York, or Registered Letter, the remittance will be at our risk, and in addition we will send you a nice gratis plant for thus providing for the safety of your own money. Is not this liberal?

Money sent by Express must be prepaid by the sender.

POSTAGE STAMPS MAY BE SENT WHEN CURRENCY CANNOT BE PROCURED.

QUALITY OF PLANTS.—More gratification is obtainable from one good, healthy plant than from half a score of sickly, inferior things. The best are the cheapest and ours are the best.

REFERENCES.—If you have any fears that we will not perform what we promise, we refer to First National Bank of this place, with whom we have done business nearly a quarter of a century.

TREATMENT OF PLANTS ON ARRIVAL.

THE PLANTS, if in the least wilted, should be placed with the paper about them in shallow pans with water comfortably warm to the hand, where they should remain twenty minutes to half an hour; this restores their vigor, revives their leaves, and increases their vitality.

THE SOIL for potting should be composed of rotted sods about two-thirds and one-third well rotted cow or horse manure, thoroughly mixed together. Where rotted sod cannot conveniently be procured, good, rich, garden soil, with the addition of one-third or one-fourth well composted manure thoroughly incorporated together, will answer a very good purpose.

THE POTS, if new, must be thoroughly soaked, and if old, well washed before being used, and should be but one size larger than those in which the plants were originally grown. Usually three inch pots are much preferable to larger ones for the first potting, and as they become filled with roots the plants should be re-potted at intervals. Do not entirely fill the pots with earth, but leave sufficient space to hold a good supply of water for the plants. When packed full of earth, the water all runs off instead of penetrating to the roots.

WHEN POTTED, the earth should be firmly pressed down upon the roots of the plants on all sides, and then thorough watering should be given, soaking well to the bottom of the pots, they then should be shaded from the sunlight for three or four days, and water gently sprinkled over the leaves morning and evening, being careful not to get the soil too wet and soggy. Avoid extremes, as both over watering and over drying are alike fatal to fresh potted plants. If the sun does not shine to exhaust the plants, keep the coverings off, but if it does, one or two thicknesses of paper covered over them will keep the plants fresh.

AND INSURE IMMEDIATE ATTENTION.
DOLLAR COLLECTIONS.

We make the following named dollar collections for the benefit of purchasers. It will be seen that where persons are not well acquainted with different varieties, so as to enable them to make judicious selections, these sets offer great advantages for cheapness, and parties will usually get as good selections as they could make themselves, our aim being, as far as possible, to satisfy every customer that favors us with an order.

The choice of varieties in these sets must be left entirely to us, as we positively cannot afford, at these collection prices, to permit customers to name the plants. But all who prefer their own selection of varieties, can make them at the price of single plants, which in all cases accompany the descriptions. These collections are subject to the following conditions: That persons ordering are only to name the number or numbers, designating the collection or collections wanted, as it takes too much valuable time to read long letters, giving detailed lists of plants in each collection desired. Simply the numbers of the collections or sets is all-sufficient.

We have frequent letters of inquiry, similar to the following: "In your set of 10 Grape Vines for a dollar, please let me know what sorts you send, and in your sets of 75 Strawberries for a dollar, what sorts do you send? Also, in your set of 25 Raspberry Plants for $1.00, what varieties do you send?" In reply to all such inquiries, permit us to say, that we are only enabled to offer so large a number for a dollar by retaining the privilege of selecting the variety when we fill the order, and this excludes the possibility of naming in advance of filling the orders, what varieties will be used. But all sets will be filled with good sorts, such as are named in our Catalogue. In sets where the varieties are named, those of course will always be sent.

CLUB ORDERS.

COMBINE YOUR ORDERS.—Although our prices are exceedingly low, considering the quality of plants furnished, yet we offer the following additional inducements to any one who will exert themselves in our behalf by soliciting their neighbors to unite with them in ordering plants of us, and thus increase the amount remitted.

FREE PLANTS.—By this arrangement, any one desirous of obtaining a few sets of plants, and who do not wish to spare the money for the purpose, can readily obtain the same free of cost by spending a little time soliciting orders of their friends and neighbors, and sending same to us in one list.

MAIL CLUBBING RATES.—For $1.00 in cash, you may select four and-a-half sets. For $6.00, seven sets. For $8.00, nine and-a-half sets. For $10.00, twelve sets. For $15.00, eighteen and-a-half sets, and for $20.00, twenty-five sets.

EXPRESS CLUBBING RATES.—For $1.00 cash, you may select five sets. For $6.00, eight sets. For $8.00, eleven sets. For $10.00, fourteen sets. For $15.00, twenty-two sets, and for $20.00, thirty sets.

BUT WE DO NOT PAY EXPRESS CHARGES.
CHOICE PREMIUM PLANTS.

It has been our practice for several years to grow a large stock of three or four new and desirable plants and offer them to our customers as *Premiums* only, and judging by the demand for them, the opportunity for obtaining choice plants in this way, at the mere cost of packing and postage, is duly appreciated.

**TEA ROSE—"Louis Richard."**

A superb variety of extra large size and splendid full form; very fragrant; color a rich coppery rose, changing to buff, shaded with carmine; center sometimes brilliant rosy crimson; makes beautiful buds.

**NEW DOUBLE GERANIMUM—"Mrs. Charles Pease."**

A variety pre-eminently beautiful and entirely distinct; habit of plant dwarf, freely branching, forming compact bushes of growth covered with trusses of double flowers of an exquisite deep pink color, with the upper petals of each flower distinctly marked with pure white, so much so as to make it appear as if one-half of the flower is white, producing a novel effect.

**NEW DOUBLE GERANIMUM—"Henry Cannell."**

This is one of the finest varieties we grow. The color of the flower is an intensely deep scarlet, many of the florets measuring over two inches in diameter, of good shape, approaching to nearly a full double flower. Truss of good size and very freely produced; the habit of the plant is compact, short jointed, and remarkably free in growth; the leaves are of moderate size, marked with a very decided dark zone.

**GYNERIUM ARGENTUM—"Pampas Grass."**

The most effective and stately of all the Ornamental Grasses, producing a grand effect on the lawn with its graceful foliage and silvery plumes; the latter are produced on stems eight to ten feet high, in sometimes forty or more on well-established plants that remain in the open ground from year to year with protection. This is best done by tying the tops together and enclosing in a flour barrel, with top open and space packed in with straw or leaves, earthing up the soil well around the outside of the barrel; or it can be removed to a cellar and replanted in the spring. Requires a rich and deep soil. The plumes, when cut before they fully expand, and dried in the shade, make handsome parlor ornaments for winter decoration.

**HOW TO PROCURE OUR PREMIUM PLANTS.**

Any person sending us $2.00 for plants, and an additional 10 cents to pay packing and postage, will be entitled to their selection of one of the above-named premium plants. By sending $4.00, and 20 cents to pay packing and postage, may select any two of the above named premium plants. By sending $6.00, and 40 cents additional for packing and postage, will be entitled to all four of the above-named premium plants. Persons wanting premium plants must order them so that they can be sent with the other plants, as we cannot send them separately after the other plants are gone.

**CATALOGUES.**

We issue the following Catalogues, all of which are sent free except No. 1, which contains a colored plate, and for which we charge 10 cents:

- **Catalogue No. 1.**—A Catalogue of Fruit, Ornamental Trees, &c. 10 cents.
- **Catalogue No. 2.**—An 80 page Catalogue, issued annually in January, contains descriptions of New and Rare Plants, Greenhouse, Basket, Bedding and other Plants, with many Illustrations, and a colored plate.
- **Catalogue No. 3.**—Price List for Catalogue No. 1.
- **Catalogue No. 4.**—Descriptive of Bulbs, Winter-blooming Plants, &c., issued in August or September.
- **Catalogue No. 5.**—Special Catalogue of Fruit Trees, Grape Vines, Strawberry Plants, &c., &c., of suitable size to be forwarded by mail.
BEAUTIFUL FLOWERS AND CHOICE FRUITS

THE NEW WHITE GRAPE.

Branch 20 inches. Weighing 7 pounds. Exhibited at meeting of executive committee, New York.

DESCRIPTION—Bunch large, not often abounded, compact. Berry medium to large, yellow, sometimes with a grayish bloom, juicy, with a very pleasant and sunny flavor, very distinct from Isabella. Pulp, color on the inside, thick, resembling Isabella, but not so firm. Tastes like a canary. Vine a good grower and very healthy. Grows best in rich loam. Ripens early, about July 2nd, being the first of the New York varieties. Price—1 year, first-class, $1.50 each.

Newburg, N. Y., September 28, 1878.

The Prentiss grapes were received in good condition. So far as I can judge from the specimen bunches, it is the best pure native white grape I have eaten.

Very respectfully,

CHARLES DOWNING.

Boston, Mass., October 2, 1878.

I am much pleased with the Prentiss grape. It is excellent, and I think will prove one of the best acquisitions to our white American grapes that we have ever had. It is rich, and its Frontignan flavor, which few varieties possess, renders it still more desirable as a delicate fruit.
